

## Water Bottles For Haiti

Goethe International Charter School wants to help the people of Haiti during this overwhelming crisis. ***We have decided to raise money for Haiti by buying "water bottles" for the children in Haiti.*** Your child's class will be trying to raise as many "water bottles" as possible. For every dollar raised, the class will add a water bottle to their class poster. We are not buying actual water bottles, but are using water bottles as a visual representation of the money being raised.

We want this project to come from our kids. ***We want the children of our school to find it in their hearts to give their money to help the children of Haiti.*** For many students, this would be donating their allowance or choosing to buy "water bottles" instead of a new toy. ***Our goal is for every student to give one dollar.*** If every student gives one dollar, then we will have raised \$170! This may not seem like much money, but if through this project each of our children learn to give or sacrifice for another who is in need, then this project will be a success.

The funds we raise will be given to the Rescue Task Force to use as they best see fit. Please, look at the website for more information about the organization: [www.rescuetaaskforce.org](http://www.rescuetaaskforce.org)

We will be raising funds from Tuesday, February 16<sup>th</sup> to Friday, February 26<sup>th</sup>.
